

Hello Kindergarten Families,

I have some important news to share. For the first two days of school Kindergarteners will enter through the cafeteria door. Parents are welcome to stay for the first 30 minutes to help them get settled. After the 30 minutes are up, kindergarteners will walk to the cafeteria as a group, wave at parents, and give them a big send off. We will have adults assigned to each Kindergarten classroom to ensure that they get the support that they need during the first days of school.

On Friday, August 23rd, we will begin our normal routine. Kindergarten students will enter through the front door and parents will say goodbye at the bus stop, car, or main door.

If your child has a comfort item like a stuffed animal, they are more than welcome to bring it to school. Please make sure it fits easily into a backpack.

We appreciate your support through those first two days. It's amazing to see how quick Kindergarten students become independent and learn their routine.

Thank you,

Mrs. Daniels, Principal
